

Submission Guidelines

In every issue of Simply Sentiments Magazine, we feature fresh ideas from card makers such as you. Send us your original work if you'd like to be considered for publication. We'll send you a complimentary copy of every issue in which your designs appear.

Here's How

1. Complete one submission form for every sample you are submitting. (Make additional copies if needed.) Be sure to securely label each card with your name and address.
2. If you wish to receive confirmation that your samples arrived safely, please include a self-addressed stamped postcard. We prefer to keep all samples submitted to us for consideration in current and future issues. However, we will gladly return any submission that is accompanied with a self-addressed stamped envelope.
3. Mail your original card(s) and completed submission form(s) to:
